Allied Health Assistant

(Fixed-Term Contract)

Wunan Health is seeking an Allied Health Assistant to support the Chronic Conditions and Allied Health Program. This role forms part of our multidisciplinary team and contributes to the delivery of high-quality, culturally safe, and person-centred care for people living with chronic and complex conditions in Kununurra.

About The Role

The Allied Health Assistant (AHA) works collaboratively within a multidisciplinary team to support allied health services.

Key responsibilities include:

- Assisting individuals and families to navigate health and social service systems
- Supporting the implementation of care plans, psychosocial interventions, and health literacy activities
- Contributing to care coordination, referrals, and follow-up across multiple providers
- Building trusting, respectful relationships with service users and community members
- Supporting delivery of programs, outreach, and administrative functions that enable seamless, coordinated care

What You Will Bring

- Strong interpersonal and communication skills
- An inclusive, respectful, and culturally safe approach
- Ability to work under delegation and within scope of practice
- Cert III in Allied Health Assistance (or willingness to obtain)
- Commitment to teamwork, reflective practice, and continuous learning

Submit your Expression of Interest

Please provide a CV and short statement outlining your interest and relevant experience to Lucy Ribbe Kelso, Allied Health Program Manager.
